

# ES ALICIA

## WINTER RAPE LINE

### FR

#### BENEFITS

POLLEN BEETLE TRAP

EARLIER FLOWERING  
-7 TO 10 DAYS

REDUCE INSECTICIDS

#### IDENTITY CARD

##### YIELD COMPONENTS

Siliques lenght: medium

TKW: medium

##### VIGOUR

Automnal vigour: medium

Vigour after winter: good

##### AGRONOMIC CHARACTERISTICS\*

	VS	S	FS	FT	T
Stem Elongation					
Lodging					
Pod shattering tolerance					
Frost resistance					

#### CULTURE TIPS

Mix with an other variety (7 to 10%)

Pollen Beetle comes from border

#### PRECOCITY

##### Restart After Winter

##### Flowering

##### Maturity

#### QUALITY

##### Oil content

173 references  
Source: Lidea.

##### Proteins content

82 references  
Source: Lidea.

#### TOLERANCE TO DISEASES, INSECTS AND PARASITES

##### Phoma tolerance\*

##### Cylindrosporiose\*

##### End of cycle diseases\*

VS: Very Sensitive - S: Sensitive - FS: Few Sensitive - FT: Few Tolerant - T: Tolerant
